PUBLIC MEETING

**Towns of Warren, Ware and Hardwick  
Community Development Block Grant (CDBG)**

The Warren Community Development Advisory Committee will conduct a public meeting regarding the Massachusetts Department of Housing and Community Development Block Grant (CDBG) Program on Wednesday, December 2, 2015 at 6:00 P.M. at the Warren Senior Center, 2252 Main Street, West Warren, MA.

The primary purpose of the meeting is to inform area residents about the program and the types of projects that are eligible. Previously completed projects will be highlighted as an example of the types of activities that are typically funded. It is intended that this will develop into a discussion regarding future projects, which may include infrastructure improvements within each community, regional housing rehabilitation services as well as needed funding support for various public social service initiatives. Future projects to be considered will be those that meet a defined community need, are supported by the community and are developed to the point that they are ready to proceed, if funded.

This open forum is designed to encourage questions or comments from any person or organization that have an interest in shaping community development efforts, both regionally and within their respective community. The Warren Senior Center is accessible; however, persons who require special accommodations should contact the Senior Center in advance at (413) 436-5662.
