

**BOARD OF SELECTMAN
MINUTES OF MARCH 7, 2015**

PRESENT: Mr. David A. Delanski; Chairman and Mr. Dario F. Nardi; Clerk (absent Mr. Robert E. Lavash, Sr., Vice-Chairman)

ATTENDEES: Mr. Stanley Soltys, Mr. Stephen Rust and Mr. Seth Blackwell

Chairman Delanski called the meeting to order at 9:05 am.

Town Hall

Mr. Delanski, Mr. Nardi, Mr. Soltys, Mr. Rust and Mr. Blackwell met at the town hall to discuss the clock tower chimes.

Topics of discussion:

Can the Chimes be put on a timer do they have that ability. Response from Mr. Blackwell was no not at this time. The town would have to purchase equipment to have them placed on a timer the current system cannot accommodate the request.

Mr. Delanski asked if the chimes can be lowered based on recent complaints from residents regarding the noise since they have been turned on. Answer from Mr. Blackwell was yes and the chimes were lowered.

There was discussion about having someone come out to look at the unit from Mr. Soltys. He had informed us he was in discussion with the manufacturer and that someone from the company would come out for free to look at the system and evaluate it. Mr. Soltys was requesting a date that this could be scheduled. The question then became the weather and the cold, this should wait for warmer weather to be able to go up into the tower, agreed.

Next Meeting Date: March 10, 2015 at 7PM.

Motion to adjourn was made by Mr. Delanski at 10:20 am; second: Mr. Nardi – unanimous. 2-0.

Respectfully submitted,

Dario Nardi
Clerk

Dario F. Nardi, Clerk
